

YP Outreach Team Meeting Minutes

Thursday, February 25, 2010 – Noon @ Sevens

Introductions of members.

The Outreach Team will be putting on a Supermarket Sweep gameshow-type event to raise money and non-perishables for the Minot Homeless Coalition as they stock area soup kitchens and food pantries. Miracle Mart–Arrowhead will be hosting the event at their store and has put forward \$200 worth of Our Family products to join with what we raise. The event will be held the week of March 21st. The following team members expressed interest in helping with planning and/or participation: Amanda, Colee, Amber J., Marsha. If you're interested, please let Jessica or Rhonda know.

Amanda made contact with the local soup kitchens and food pantries and stated they many of them would be looking for help preparing a meal and possibly serving meal with some advance notice. It would probably be relatively easy to fill a week's worth of a few shifts at each location. Amanda will coordinate a week toward the middle of April and we'll send more information at that time.

A YP member has stepped forward looking for others to participate on a YP March of Dimes team for the upcoming walk for babies. We will send a SmartMail to see if others are interested in being a part of this team.

The Minot Public Library is planning to put on an event similar to last year's YP End-of-School Bash. They're looking for assistance from our organization. Rhonda will get more information as to what the YP volunteers would do and when this would be held.

A local group is looking to put on a Bunco tournament to benefit Project Night-Light. They're looking for YP members who could help with such things as taking tickets or supervising tables. If you're interested in this, or if you're interested in playing bunco, please let Jessica or Rhonda know.

Jessica will contact Carla at the Chamber to get more information about YP involvement in May's Project Clean.

It was suggested that we look to get involved with the new accessible playground planning to be constructed this summer at Oak Park. Rhonda will be in contact with Teal Myre to get more information.

We'll continue watching the movie theater schedules to see if a family movie night can be coordinated. We should also consider putting on a New Member Family Event since so many new YP members have joined lately.

Jason will keep us informed if Habitat needs assistance, especially if a home is built this summer.

Upcoming Team Event:

The next team meeting will be March 18th at noon at Applebees.
